

Where do neoliberals go after the market?

Calculation, computation & crisis

13th June 2013

Room S0.21

Social Science Building

University of Warwick

Program

10am: Arrival and coffee

10.30am: Welcome and introduction to conference themes
- Will Davies & Nathaniel Tkacz, conference organisers

11am: Liberty and computation

- 'The Californian Ideology Revisited' – Richard Barbrook, University of Westminster
- 'Coding Neoliberalism: Algorithms, Markets and Computational Imaginaries' - David Berry, Swansea University
- Michael Dieter, University of Amsterdam (Chair)

12.30pm: Lunch (sandwiches provided)

1.30pm: Neoliberalism and the fate of the 'social'

- 'Unpaid work and depletion in neoliberal times' - Shirin Rai, University of Warwick
- 'The Revenge of the Social: Neoliberalism between "socialist calculation" and "social analytics"' - Will Davies, University of Warwick
- Gurinder Bhambra, University of Warwick (Chair)

3pm: Coffee

3.15pm: Libertywares: technology and infrastructure

- 'Automating Amateurs: the cunning of instrumental reason'- Johan Söderberg, Université Paris-Est/Écoles des Ponts
- 'The Infrastructure of Neo-liberalism? Cybernetics, Design, and Urbanism circa 1970' - Orit Halpern, New School for Social Research
- Celia Lury, University of Warwick (Chair)

4.45pm: Coffee

5pm: Closing keynote

- 'How Neoliberalism Triumphs in the Face of Crises: global warming and economic crisis as examples' - Philip Mirowski, Notre Dame University
- Matthew Watson, University of Warwick (Chair)

6.30pm: Close

How to find the conference

Take the number 12 bus from Coventry city centre. This bus also stops near the train station (there is a stop on the bridge that passes over the train tracks). Get off at the Warwick Arts Centre and head to the Social Sciences Building. The room is located across from the Social Sciences Café, very close to the main building entrance.

Campus Map: <http://www2.warwick.ac.uk/about/visiting/maps/>

Wifi and twitter

Guest log-ins to the University wifi network are available.

We suggest a twitter hashtag of #wdng for those tweeting about the conference.
