

MEDICAL SCHOOL

Warwick Medical School

Parking Advice

The University of Warwick is a busy campus and parking can be tricky. Gibbet Hill campus has a limited amount of parking for staff and authorised visitors. When you are visiting the Medical School please refer to your joining instructions as to the best place for you to park.

Car Parks

Car park 3 has spaces for staff with car parking permits. Car park 6 in Health Centre Road is also a staff permit holder car park and is just a short walk away from Gibbet Hill campus.

Shuttle Bus

Although Gibbet Hill campus is just a short walk from central campus you can also take the campus shuttle bus, which runs regularly from the bus interchange. You can find the full timetable on our website:

www2.warwick.ac.uk/services/estates/transport/buses/shuttlebus

Authorised visitors with day car parking permit

If you are visiting the Medical School for a specific meeting with a member of staff and are expecting a day car parking permit, please arrive at Gibbet Hill site and visit the reception in the Medical Teaching Centre where your parking permit will be given to you and you will be advised on where to park.

Masters and CPD Students

Please refer to your joining instructions as to the car park you need to use when coming to the Medical School as this will most likely include a code you will need to gain access to the car park and the building where you will be undertaking your studies.

Visitors to our MB ChB Open Day

Please note if you are visiting Warwick Medical School for our MB ChB Open Day, you will not be able to park on the Gibbet Hill Campus. Please refer to your joining instructions as to the best car park to use on the day of your attendance as this may change depending on other events taking place on campus.
