

SPORTS KNEE SURGERY

We look forward to welcoming you to the University of Warwick for this exciting international symposium for specialist knee surgeons.

In association with ISAKOS, the objective of this symposium is to explore the most modern management of soft tissue injury and early articular degeneration in the active patient. The symposium includes presentations, debate, and plenty of opportunities for informal discussion with the faculty.

FACULTY

The international and UK faculty includes:

Dr Don Johnson, MD, FRCSC, Director, Sports Medicine Clinic, Carleton University, Assistant Professor, Orthopaedic Surgery, University of Ottawa, Ottawa, Ontario, Canada

Dr Lars Peterson, MD, PhD, Professor, Department of Orthopaedics, Sahlgren University Hospital of Gothenburg, Clinical Director, Gothenburg Medical Centre, Vestra Frolunda, Sweden

Professor Giancarlo Puddu, MD, Orthopaedic Surgeon, Clinica Valle Giulia, Roma, Italy

Bill G Rodkey, Director, Basic Science Research and Educational Consultant, Steadman-Hawkins Sports Medicine Foundation

J. Richard Steadman, MD, Clinical Professor, University, Southwestern Medical School, Chairman, Medical Group US Ski Team, Orthopaedic Surgeon, Steadman Hawkins Clinic, Vail, CO

SOCIAL EVENTS

There will be a symposium dinner on Monday 3rd November in Scarman House.

The beautiful Warwickshire countryside offers many fascinating attractions, including Warwick Castle, in case you decide to extend your stay.

We look forward to welcoming you in November.

COURSE CONVENORS

Mr Tim Spalding, Consultant Orthopaedic Surgeon at University Hospitals Coventry and Warwickshire NHS Trust

Professor Damian Griffin, University of Warwick
sportsknee@warwick.ac.uk

Session 1

Session 2

Lunch

Session 3

Session 4

MONDAY

08.00 Registration

Current Issues in ACL surgery:

Technique, graft choice, fixation, pearls and pitfalls

MODERATOR: Professor Puddu

Don Johnson
Richard Steadman
Lars Peterson
Steve Bollen

Discussion

The Meniscus in 2003:

MODERATOR: Tim Spalding

The Collagen Meniscal Implant
Meniscal repair techniques and decision making
Meniscal allografts: what's the score?

Bill Rodkey
Don Johnson
James Richardson

Discussion

Lunch with workshops and discussion groups with the experts:

Arthrex Room
Bauerfeind Room
Innovation Sports Room
Linvatec Room
Zimmer Room

Giancarlo Puddu
Lars Peterson
Richard Steadman
Don Johnson
Bill Rodkey

The PCL and postero-lateral corner

MODERATOR: Lars Peterson & Steve Bollen

Tibial tunnels or posterior only?
One bundle or two?
PLC reconstructions and common peroneal nerve injury
Current issues in PCL and PLC surgery
Discussion

Don Johnson
Andrew Amis
Andy Williams
George Dowd

Medical and Psychological Management

MODERATOR: Don Johnson

MRI imaging for decision making
Pharmacology and viscosupplementation
Orthokine - the new wonder drug?
The adolescent knee
The role of the team doctor
Discussion & Workshops

Phillip Bearcroft
To be confirmed
Peter Wehling
John Aldridge
Lew Hardy

Symposium dinner

TUESDAY

08.00 Breakfast Tutorial

Cartilage repair:

Bone bruises and bone marrow oedema:
MACI and ACI: Repair with the collagen patch
Osteotomy and ACI
ACI v Microfracture
Salucartilage - new hope
Arthroscopic assessment in degeneration
Discussion

MODERATOR: Bill Rodkey

Vladimir Bobic
Tim Briggs
James Richardson
Gunnar Knutson
Wolfgang Nebelung
Don Johnson

Management of the degenerate knee in the active 50 year old who does not want a total knee replacement:

Pushing the envelope in ACI
Microfracture and arthrolysis
Opening wedge osteotomy
Unicompartmental Arthroplasty
Discussion

MODERATOR: Damian Griffin

Lars Peterson
Richard Steadman
Giancarlo Puddu
David Murray

Lunch with Workshops and discussion groups with the experts:

Arthrex Room
Bauerfeind Room
Innovation Sports Room
Linvatec Room
Zimmer Room

Giancarlo Puddu
Lars Peterson
Richard Steadman
Don Johnson
Bill Rodkey

The patello femoral joint:

What we don't know about the patello-femoral joint
How I approach the patello-femoral joint
The patello-femoral ligament
Discussion

MODERATOR: Giancarlo Puddu

To be confirmed
D. Johnson & L. Peterson
Neil Thomas

Controversies in Sports Knee Surgery

MODERATOR: Don Johnson

This interactive session is delegate driven and includes lively five minute vignettes and arguments on subjects chosen by you during the first day of the meeting.

Session 8

VENUE

The Symposium takes place in the prestigious University of Warwick Conference Centre, near to Stratford, Leamington Spa, Coventry and Birmingham. We will be using Scarman House, a residential centre built specifically for hosting conferences and courses. The lecture theatre seats 120 delegates in a friendly semicircular layout - ideal for generating lively discussion and debate. There are also separate rooms available for lunchtime breakout sessions and discussions with all of the faculty members.

ACCOMMODATION

Excellent single accommodation is available in Scarman House.

Monday night accommodation is included in the course fee but please remember to reserve your room on the registration form.

Accommodation for Sunday night is available but is not included in the course fee. **Please book this directly with Scarman House, who can be contacted at: (024) 7622 1111 or email scarman@warwick.ac.uk**

FEE

The early registration fee is £275, which includes accommodation, meals, symposium dinner, refreshments and course materials. Late registration (after August 31st 2003) will cost £325.

REGISTRATION

To register for the symposium please complete and return the tear-off form with payment.

Please take care to specify whether or not you will be requiring accommodation.

Spaces are limited so please reply early to ensure a place. Please contact Gloria Harris at: Warwick Medical School, The University of Warwick, Coventry, CV4 7AL. Tel: +44 (0)24 7657 3088 Fax: +44 (0)24 7657 3079 Email: sportsknee@warwick.ac.uk

Registration & Booking Form

Please complete this registration form and send with cheque to Gloria Harris, Warwick Medical School, The University of Warwick, Coventry CV4 7AL, UK
Please use BLOCK CAPITALS

Sports Knee Surgery

Sports Knee Surgery is gratefully sponsored by:

"New product innovation in arthroscopic surgery is the goal of **Arthrex**. This has resulted in the development of over 1000 products for arthroscopic or minimally invasive orthopaedic procedures. We aim to make technically demanding surgical procedures easier, safer and reproducible."

Bauerfeind Because Life is Active

The Bauerfeind orthopaedic division has made it their goal to keep people healthy and facilitate a pain-free life despite physical problems. The knee products in the Bauerfeind range include active supports and orthoses with a primary mobilizing, function-preserving or corrective mode of action. Bringing over seventy years of expertise to the Orthopaedic Surgeon.

Linvatec specialise in products for minimally invasive surgery of the knee and powered surgical instruments for orthopaedic applications. Linvatec's range includes Hall Surgical powered instruments, Shutt manual instruments and the Envision range of imaging products.

Technology in Motion (Orthotics) offers nationwide clinical services for the assessment provision and supply of high quality knee bracing and orthopaedic supports. Established in 1993 Technology in Motion provides a professional multidisciplinary approach ensuring continuity of patient care.

Zimmer are committed to offering orthopaedic surgeons effective solutions in joint replacement and trauma. Our understanding of surgeons needs has made Zimmer a Global leader in research and technology. Our reputation for supporting surgeons in clinical outcome studies is widely known and our ability to deliver on our promises has made Zimmer into one of the world's largest and respected orthopaedic companies.
