Dear Dr. Cappuccio;

On behalf of the 2019 Awards Committee of the World Hypertension League, I would like to congratulate you on receiving the 2019 WHL Recognition of Excellence Award in Dietary Salt Reduction.

As part of this award, we would like to ask you to consider writing a short commentary or paper on the theme of your award for the *Journal of Clinical Hypertension*, the WHL's official journal. Could you also provide us your photo, as we would like to recognize the 2019 excellence award winners in an upcoming issue of the WHL Newsletter and on the WHL website.

Please reply to this email indicating your acceptance of this award. We are looking forward to continuing our great collaboration with you in pursuit of global prevention of hypertension.

With all my very best and appreciation.
