

David Mark Haddleton

Education :

1980-1983 University of York, B.Sc. (Hons), Second Class Division 1
1983-1986 University of York, D.Phil. "*Photochemistry of some metal ethene complexes*" (Robin Perutz)

Employment record :

1987 PDRA, University of Toronto, Toronto, Canada (G A Ozin)
1988-1993 ICI/Zeneca Senior Research Scientist
1988 Secondment to the University of Southern Mississippi, Hattiesburg, MS, USA (A C Griffin)
1993-1996 Lecturer, University of Warwick, Coventry, CV4 7AL
1996-1998 Senior Lecturer, University of Warwick, Coventry, CV4 7AL
1998- Professor of Chemistry, University of Warwick, Coventry, CV4 7AL
2001- 2004 CEO and Founder, Warwick Effect Polymers Ltd
2004- 2012 CTO, Warwick Effect Polymers Ltd
2012 - Non executive director, Warwick Effect Polymers Ltd

Current Research activity:

The Haddleton polymer research group at Warwick currently focuses on controlled polymerisation methodology with current research including:

- Polymers for Healthcare and Therapeutics
- Controlled free radical polymerisation

Publications:

Approx 250 published papers in refereed journals, 6 refereed reviews, approx 10 granted US and European patents, 5 patents pending, 2 book chapters and 19 further publications. ISI WoS lists 310 papers with the remainder being American Chemical Society contributions.

H-index = 50, total citations = 7,930. (Years Academic = 17, Age = 49)

Prizes

Macro Group UK Medal 2006, *Awarded to a UK-based scientist who has made a significant and substantial contribution to the development of polymer science through his/her scientific achievements and/or services to the UK polymer science community.*

Chemistry World, "Entrepreneur of the Year" Royal Society of Chemistry Prize. 2005

Lord Stafford award for "Best University Spin-off" company (West Midlands RDA regional prize). 2005

Other Highlights:

- Graduated >45 PhD students
- Chair of Macro Group UK 2006-2010
- Scientific Chair of IUPAC World Polymer Congress 2010, Glasgow.
- Editor in Chief of "Polymer Chemistry" new high impact RSC Journal.
- Editor in Chief "European Polymer Journal" 2002 – 2009"
- Current Head of Inorganic and Materials Section of Chemistry Department, Warwick.
- >£4.5 million of VC money raised for Warwick Effect Polymers Ltd.
- Chair of two largest polymer chemistry conferences held in the UK, Warwick 2002 and Warwick 2006.
