| Self assembled layers      | Almost Exclusively Resonant Scattering...
| Surface electro-chemistry  | which is Element and Shell specific |
| Bio-materials              |                                |

- **Funding body**
  - **EPSRC**
  - £8.5 M cumulated funding 1992-2007
  - £3.7 M for 3rd operational phase (2007-2012)

- **>20 publications per year on average**
- **Annual Newsletter and users meetings**
- **PhD training:**
  - > 70 students trained and 30 Ph.D. theses with substantial XMaS work.
