Log in with your Warwick Username and Password in the “Current University Students and Staff” and click “submit”. Log in with your Warwick Username and Password.
2. **Shibboleth Access:**

You may come across e-resources where there is a link to an “Institutional log in” or a “Shibboleth log in” on their web pages. In this case follow the link and this may prompt you to select your location from a list of countries and institutions. Once you have selected your location you will see this log in screen.

Sometimes you will be taken direct to this log in screen without having to specify your location:
