How do I return books?

You can return books using the Returns machine on Floor 1 of the Library.

In order to prevent delays, please get your books ready prior to approaching the Returns machine.

Place your closed book flat onto the conveyor belt and await further instructions on the screen.

The screen will register your book as successfully returned and the conveyor belt will take your item.

Continue to return all other books in the same way.

Once you have finished press the receipt button at the bottom of the screen and take the receipt from the dispenser. Your receipt is proof your books have been returned should there be any problem with your account.

If you need any further assistance please talk to a Library Adviser on Floor 1 of the Library.
