

ACADEMIC WRITING: BOOTCAMP 'RETREAT' QUOTES FROM MARCH 2019 COHORT

'I enjoy a lot this course. It made me think more at my values and my objectives and try to clarify them.

I have experienced the benefit of planning, gathering information for my next steps in my career. The most useful so far!'

'I'd like to add that I found the bootcamp incredibly useful. I cannot believe that two days of work in this setting enabled me to finish an article I first presented at an international conference in spring 2013. Once proof-read, I submitted it last Monday. I still cannot get over it, and I cannot wait for the next bootcamp'.
