Maths and English Professional Development Opportunities

The Education and Training Foundation is providing a range of CPD opportunities for maths and English teachers. You may be interested in the following regional opportunities provided as part of its English and Maths Pipeline. Places are limited and bookings will open in September (see the links below for how to register your interest).

**CPD Module (Level 5) for teachers of English resits**
**CPD Module (Level 5) for teachers of Maths GCSE resits**

These courses will support new or experienced teachers to lead GCSE maths/ English courses in their organisations. This short [video](https://youtu.be/bPxfNY7daPA) explains the rationale for developing the courses. The training will particularly support practitioners working with young adults (16 - 19s) who are re-taking GCSE Maths/ English, having achieved lower than a grade C at school (or its equivalent in the new 1-9 grading structure). The training will explore and model how to engage and motivate reluctant learners and assess their needs to build on prior learning, as well as critically examining effective practice in teaching GCSE maths/ English.

For further information on the L5 maths and English courses, please contact Jo Byrne at jo.byrne@ntlworld.com. You can also find out more about the Level 5 English course by following this link. [https://ccconsultancy.wordpress.com/](https://ccconsultancy.wordpress.com/)

**Course fees:** Subsidised by the Education and Training Foundation. Level 5 courses will cost £250. There will be course discounts for SET members.

**Vocational (Re)Vitalisers (maths and English)**
One day blended courses for vocational practitioners will be available in the following vocational contexts, in each of the nine regions of England.
- Early Years - maths and English
- Construction - English
- Health and Social Care - English
- Secure Estates/ Justice Sector for maths and English

**Course fees:** Subsidised by the Education and Training Foundation. Vocational (Re)Vitalisers will cost £100 (blended programme, one day face-to-face). There will be course discounts for SET members. Contact us with any queries. [emcettteam@gmail.com](mailto:emcettteam@gmail.com)
