REFERENCES
The University requires either one academic reference (from a tutor at college or someone else who has taught you in a formal setting) or two character references from people who know you well. You should not ask a member of your family, but an employer, colleague, or other professional person would be suitable. Please note that academic references must relate to study completed within the last five years. All references should be dated, have been written within the last six months and, wherever possible, should be on headed paper. Personal references should always include a contact address and telephone number.

Please give each of your referees a copy of the enclosed reference notes, and return your reference(s) to The University of Warwick with your completed application form.
PERSONAL STATEMENT

Please write about 500 words explaining why you would like to study for a degree. You should cover the following themes:

- Why you have chosen this degree
- Which topics are of special interest and why
- How your work or other experiences have prepared you for further study
- How you can demonstrate your motivation to complete a course of Higher Education
- Whether you have done any reading in your proposed area of study.

It would also be interesting to know about your interests and hobbies. Please feel free to include details of these in your statement.

Please continue on a separate sheet if necessary and then turn over to complete the Equal Opportunities Questionnaire and Declaration.
EQUAL OPPORTUNITIES

The University of Warwick and its partner colleges are committed to a policy of equal opportunities and will not discriminate against any applicant or student on the basis of age, gender, nationality, ethnicity or religion.
