STUDY ABROAD
Study Abroad MUST be Written into your degree, either as a compulsory period of time spent overseas or as an optional and additional year called an ‘intercalated year’
Study Abroad is an umbrella term for the period of time spent overseas.

How and where you spend your time overseas is dependent on your degree and how it is written.
WHERE:

• **Erasmus +**
  - Mobility Programme within Europe
    - Has a monthly grant attached which is funded by the EU Commission

• **Worldwide**
  - Mobility exchanges outside of Europe
HOW:

- Study at a partner university: see the study abroad website
  - [http://www2.warwick.ac.uk/study/studyabroad/partners/](http://www2.warwick.ac.uk/study/studyabroad/partners/)

- Internship at an Institution
  - Job description must be agreed by your department

- British Council Language Assistantship
  - France
  - Germany
  - Spain
WHEN:

• Generally year 3 of a 4 year degree
• You return to Warwick to complete your final year
• Some language degrees offer the opportunity during year 2, and you return to Warwick to complete a further 2 years
IMPORTANT POINTS:

• Exchange places are reciprocal and must balance year on year
  o 1 student in to Warwick = 1 student out from Warwick

• Worldwide partnership places are limited

• If you want to Study Abroad in a Country where you don’t have the language skills use the Language Centre to support your learning in years 1 and 2
The Process:

• Start thinking about Study Abroad now but you don’t need to take action until year 2, Term 1:
  o your department holds the information on what you can do and where
  o The Study Abroad Team holds general Study Abroad briefing sessions
  o Application for Study Abroad is through your department
  o Nominations for places are sent to the Study Abroad team by your department
Tuition Fees are currently set at a vastly reduced level for the year of Study Abroad

• The reduced fee covers your continuing registration at Warwick during the year:
  o Access rights to Warwick facilities, i.e., the library
  o Support from all Warwick support facilities and staff

For Study places you do not pay fees to your host University
As you remain registered as a Warwick student, you retain your eligibility for any **student loans or bursaries** as though you were still on Warwick campus.
THANK YOU
