The Undergraduate Skills Programme offers you the opportunity to identify, develop and know how to articulate what you have to offer, thus boosting your study skills and employability. You can learn at your own pace and meet other Warwick students.

What we offer

**Academic, Personal and Professional Development Skills Workshops**
Enabling you to develop those skills which will enhance your ability to study more effectively, develop your self-confidence and contribute to your employability. These may lead to the Warwick Skills Portfolio Award.

Topics include Introduction to Skills Development, Reading and Note-making, Critical Thinking, Career Planning and Assertiveness.

**One-to-one advice: Academic Skills Advice Drop-ins and Writing Mentor Drop-ins**
These are two separate services, currently based in the Learning Grid. Academic Skills Advice focuses on developing your independent learning skills by providing advice on general techniques and strategies that you can apply to your subject area. The Writing Mentors help you with assignment writing skills. Go online to get details of the dates and times.

**URSS : Get involved in cutting edge research!**
The Undergraduate Research Scholarship Scheme (URSS) gives you the chance to become directly involved in the research work of the University, experience what it’s like to be a member of a research team and take part in cutting-edge research.

- Develop transferable skills that will benefit you in your studies and beyond
- Gain an invaluable insight into the nature of academic research
- Make a contribution to the development of new knowledge
- Work as a member of a research team in a world-class university
- Earn while you learn - bursaries available up to £1000

“URSS is part of Warwick’s commitment to enriching the learning experience of all its students”
“As part of Warwick’s commitment to enriching the learning experience of all students, the URSS scheme enables academics and students to work together in the advancement of knowledge”
