

Babies don't come with instructions

To find out how you can take part, fill out this form and we'll get in touch

Tell us how we can best support families like yours

If you are a parent on a drug or alcohol programme and you are the main carer of a child under two and a half, you can take part in the Parents Under Pressure™ study.

Researchers at Warwick Medical School would like to find out how Parents Under Pressure™ – a new service – compares with the support already available to families like yours.
