

Personal Details

Birth December 6, 1991
Address 2 Pembroke Court, CV325TT, Leamington Spa, UK
Mail A.Margaris@warwick.ac.uk

Education

Phd in Mathematics 2015-present

University of Warwick

- Phd topic: Embeddings of metric spaces into Euclidean spaces and how do these apply to attractors of PDE.
- Advised by Professor J.C.Robinson. Expected submission: September 2019.

MSc. in Mathematics 2014-2015

University of Warwick

- Graduated with Merit.
- Dissertation topic: Rearrangements of functions and applications to the heat equation.

BSc. in Mathematics 2009-2013

National and Kapodistrian University of Athens

- Graduated with Upper Second-Class Honours

Research Articles

- Embedding properties of sets with finite box-counting dimension, with J.C.Robinson, 2018, submitted for publication. [preprint](#).

Teaching

Teaching Assistant 2015-2018

University of Warwick

- During these years, I ran weekly support classes for undergraduate students for the following modules: Analysis II, Measure Theory, Functional Analysis II, Metric Spaces. For some of these modules, I marked several scripts over the course of this period.
- During the academic year 2015-2016, I was nominated for one of the Warwick Awards of Teaching Excellence for Postgraduates who Teach.

Small Group Teaching 2015-2018

University of Warwick

- Responsible for helping and monitoring the progress of small groups of second-year undergraduate students.
- I was meeting each group 9 times per term and I was marking their weekly assignments.

Talks

- BMC 2018 (University of St Andrews)

Conferences Attended

- BMC 2018 (University of St Andrews June 2018)
- NBFAS Meetings (University of Warwick November 2016, University of Birmingham February 2016)
- PDEs in Fluid Mechanics (University of Warwick, September 2016)

Skills

<i>Languages</i>	Greek (mother tongue) English (Proficiency level) French (B2 level)
<i>Software</i>	MATLAB, L ^A T _E X, JAVA, C++
