All attendees are expected to show respect and courtesy to other attendees and staff, and to adhere to the NAM Code of Conduct.

# The National Astronomy Meeting (NAM) 2022

The University of Warwick, 11th - 15th July 2022

The Royal Astronomical Society is proud to present the next National Astronomy Meeting, NAM 2022, to be hosted by the University of Warwick from **Monday 11th July to Friday 15th July, 2022.**

In addition to the UK's astronomy community, the meeting includes the UK Solar Physics (UKSP), and the Magnetosphere Ionosphere and Solar-Terrestrial (MIST) communities.

# Announcements

## [02-02-2022] NAM 2022 to be a hybrid conference

We are pleased to announce that NAM 2022 will be a hybrid conference. We will be offering both in-person (full week or one day) or remote attendance options during registration.

Details of the online conference platform are still under negotiation, and will be announced in due course.

## [10-01-2022] Call for Session Proposals CLOSED

The call for session proposals is now fully closed. We received an extremely high number of proposals, and the SOC are working hard to evaluate them all and build an exciting, balanced programme. More information about the outline schedule for the conference will be announced later this month.

We expect to open registration and abstract submission in the second half of February. For an overview of the timeline to the conference, check out the Key Dates page.

## [11-10-2021] Call for Session Proposals Now Open

You can now submit session proposals for NAM 2022. We encourage members of the Astronomy, UKSP and MIST community from all levels of seniority to apply for specialist and cross-disciplinary scientific presentation and discussion sessions.

 **Session proposal deadline:** Tuesday 14th Dec 2021 at 17:30 UTC

**! Update 15-12-2021:** Session proposals are now closed, but exceptional circumstances may be taken into consideration for late proposals. The session proposal form will remain open until the New Year.

## [19-07-2021] Mailing List Sign-Up Now Open

You can now sign up to our **NAM 2022 mailing list**, through which we will email out announcements about the conference, like the opening/closing of abstract submissions and registration.
