

# Library Strategic Framework

# Mission

Connecting you with information, support and  
your community.

[To help the University meet its goals  
and you your potential.]

# Purpose

The Library is at the centre of University life.  
We are a key driver in partnership working,  
delivering transformative services  
to advance the University's scholarship  
and develop our individuals and communities.

# Values

1. We are enthusiastic and dedicated to providing the best possible service for all our communities
2. We innovate for the benefit of our communities
3. We readily collaborate with colleagues across the University and beyond
4. We respect and support each other

# Enablers

- Staff commitment and expertise
- Flexible environments
- Relevant and appropriate collections
- Innovative services
- Robust partnerships
- Effective systems and processes

# Aims

1. To support the 'whole student' to succeed
2. To be an essential partner in teaching and learning
3. To be integral to the research lifecycle and the University's scholarly activities
4. To be central to the University's information management infrastructure
5. To be an active member of the global information ecosystem
