Practical considerations:

- Have you looked on the Study Abroad website?
- Erasmus+ grant paid for up to 9 months in Europe
- Internships/Work
- Study: Cost of living in different countries. Look at accommodation costs for example.
- Visas: Proof of finances for the States for example
- Do you have time to apply? Preparation? Other commitments?
- If you are studying at two institutions – can you complete the examinations in your first institution? Note, some autumn term study will have examinations in the spring term.
Planning

- Think about the country you are visiting, the local culture, and expectations. Take a look at the FCO country website [https://www.gov.uk/foreign-travel-advice](https://www.gov.uk/foreign-travel-advice)

Example:

- Will the country require language skills: B2 for example?
- The guideline is that students must be at a 2:1 academic standing, you may not be able to go on placement if you do not reach this
- Please remember Warwick nominates you, the partner has the discretion to accept you. Materials must be supplied on time, and full details provided.
Language and Study Abroad

- B2/A level language

- Join an orientation programme in your destination country

- Online Linguistic Support (OLS): Erasmus+ language assessment if in receipt of an Erasmus+ grant (now available in all 24 languages)

Are you on a Tier 4 visa sponsored by Warwick?

We will hold a separate briefing meeting on the requirements. It is not a barrier to study abroad – but you will need to follow some additional processes.

It is your responsibility to ensure you follow the guidance.

Student Support

All students are eligible for study abroad; departments will have different options to discuss with you.

If you require special assistance, please talk to your co-ordinator in your department.

If you are eligible for Erasmus+, additional Erasmus+ financial support may be available.

Have you contacted the Disability Services: part of the Student Services Team?

We are committed to equality, diversity and to promoting an inclusive teaching and learning environment for all.
1. Study abroad placements; both credit and marks will show on your HEAR from 2016/17. Marks will not, however, count towards your degree classification unless the degree course already allows for this. Marks from the host institution may be translated to Warwick marks depending on the assessment and academic advice given by your department.

2. Work placements; credit will show on your HEAR and this will be assessed on a pass/fail basis and marks will not therefore need to be shown. The placement will not count towards your degree classification unless the degree course already allows for this.

4. You will be required to pass your year abroad but there will be opportunities to remedy failure.

5. If you are able to re-sit assessments or examinations while at your host institution you should do so.
While you are away

- Your host institution Study Abroad Office and departmental contacts/mentor
Where can You Go?

Where you can go depends on:
1. the agreements that your department has with partner Universities
2. how your degree is written, does, it allow for
   • study abroad
   • work abroad
   • combination of both
   • does it allow you to split your year between two destinations?
3. are you able to participate in the University wide options

- Hispanic and French Studies; part year work Colegio Anglo Americano (Managua), Nicaragua plus part year work Ministry of Education, Culture and Sport, Spain
- French Studies with German; British Council Language Assistant; DSDEN du Lot et Garonne, France

98% of Students Recommend Studying Abroad

Would you recommend study abroad to other students?

- Recommendation for a Year Abroad
- Yes
- No
Embrace every opportunity that comes your way. It is very possible that you will never get another opportunity like this again. Be brave and don’t be afraid to step outside your comfort zone and push yourself in order to get as much out of this experience as you possibly can. If you can do that, this year has the ability to set you up for life.
Intercultural training

- Recommended for everyone considering studying abroad
- Delivered in three stages (before / during / after your time abroad)
- Workshops and online modules
- Opportunity to share, reflect on and learn from experiences

Book your place at [www.warwick.ac.uk/interculturaltraining](http://www.warwick.ac.uk/interculturaltraining)
Intercultural training

One of the key aims of the training is to help you develop the skills that employers are looking for....

Global Graduates into Global Leaders (agr, CIHE, CFE 2011)
“The Intercultural Training is a really fantastic thing to do wherever you come from and whatever you are studying, whether you are studying abroad or whether you are going to work in a multi-cultural environment.

It has really given me the edge in job interviews both in telling my stories in an impactful way and bringing out the things that interviewers are really looking for.

Another benefit is that I got to interact with different students from all across the university who have been to different places and understand the intercultural problems they faced.”

James da Costa, Economics student
After spending his third year in Hong Kong
